1. CLUB & TEAM MEMBERSHIP

- 1.1 To compete in a British Dodgeball championship or league in 2021/22 a team must belong to a club that is a member of British Dodgeball for 2021/22. British Dodgeball club membership is not required to enter open events.
- 1.2 All clubs that are British Dodgeball members must have a unique club name, by which they should be members of British Dodgeball.
- 1.3 Clubs may have as many teams as they like registered to their club for British Dodgeball events. Only teams listed as 2021/22 British Dodgeball league teams will be able to compete in league competitions, and teams may only be registered to one club.
- 1.4 Every team name within a club must be unique. A team may only change their name once they have received permission to do so in writing from British Dodgeball.

2. PLAYER MEMBERSHIP & ELIGIBILITY

- 2.1 To participate in any British Dodgeball adult events or leagues in 2021/22 (from 15th September 2021 onwards), all players aged 18 and over must be British Dodgeball adult player members. Participation includes being a named substitute at an event.
 - 2.1.1 This includes all university events organised by British Dodgeball.
 - 2.1.2 British Dodgeball adult player membership is not compulsory for players under 18 competing in adult events. However, in this case player registration must be completed - those aged 15-17 playing for an adult community club should register [on the British Dodgeball website](#) with parental permission.

- 2.2 British Dodgeball adult player membership for 2021/22 is £15 per year (plus any applicable delivery fees) and may be purchased either by the individual player, or through the player's club registering their players as adult members in bulk. Membership can be purchased through the membership page of the British Dodgeball website.
 - 2.2.1 Where membership is purchased by the individual player, an online player profile will be created. Players may then review and edit their details through this profile.
 - 2.2.2 A British Dodgeball membership number will be provided for all adult members on purchase of membership.

- 2.3 New players are able to compete in a single British Dodgeball event without purchasing player membership, but must have completed British Dodgeball [player registration](#) in advance of this event, and be a member in advance of the second event they compete in in 2021/22.
 - 2.3.1 It is the responsibility of the player and club to check that a player is a British Dodgeball member. There will not be the facility to check this with British Dodgeball staff on the day of an event.
 - 2.3.2 For a player to be considered a British Dodgeball member in time to compete in an event, payment for membership must have been successfully completed.

- 2.4 Anyone found to be participating at their second or subsequent event who has not purchased British Dodgeball adult membership may face sanctions of being ineligible for further play until membership is complete, and any matches they have participated in without membership may be voided. Where a team has won medals or trophies whilst featuring ineligible players, the British Dodgeball rules and disciplinary committee may decide that these must be returned within two weeks at the team's expense.
- 2.5 British Dodgeball will hold a database of all players with British Dodgeball membership and all registered players who have competed in British Dodgeball events, in accordance with the British Dodgeball privacy policy.
- 2.6 Adult players may participate for a maximum of two community clubs and one university club in British Dodgeball leagues and ranking events in 2021/22. The first club will be their 'primary club' that they represent. They can also represent a 'secondary' community club for development purposes. A player may also represent a university club if studying at that establishment and eligible.
- 2.6.1 All clubs that an individual participates for (primary community, secondary community, university) must be listed on their membership form. Listing a secondary or university on a membership form is not confirmation of player eligibility - permission to compete for a secondary club must be requested.
- 2.6.2 A player may compete for a primary community club and a university club without requesting permission from British Dodgeball, provided they meet the university eligibility criteria. Where a league or competition is open to community and university clubs, the player must select just one of these clubs to compete for throughout that league/competition.
- 2.6.3 The club a player refers to as their primary community club will usually be the club they compete for in national league events.
- 2.6.4 A player may compete for a secondary community club where this is beneficial to the development of the sport. Permission must be sought as follows:

- 2.6.4.1** A player competing for a primary community club in men's/ women's/ mixed league or ranking events, and a secondary community club in either or both of regional league and open events, must request permission from the British Dodgeball Rules Committee - and should ensure both the primary and secondary club are indicated clearly on the player's membership form.
- 2.6.4.2** A player competing for a primary community club in men's/women's league or ranking events is not as standard permitted to compete for a different (secondary) community club in mixed league or ranking events. A player is only able to do so with the permission of the British Dodgeball Rules Committee and should justify how this benefits the development of one or both clubs. Such requests are only likely to be granted in situations where the player's primary club does not have the appropriate single gender team competing in national league, and where both clubs are content for the player to compete for multiple clubs.
- 2.6.4.3** A player identifying as female competing for a primary community club in women's or mixed league or ranking events, is not as standard permitted to compete for a different (secondary) community club in men's league or ranking events. A player is only able to do so with the permission of the British Dodgeball Rules Committee and should justify how this benefits the development of one or both clubs. Such requests are only likely to be granted in situations where the player's primary club is a new or small club and does not have a women's team competing in the national league system, and where both clubs are content for the player to compete for multiple clubs.
- 2.6.4.4** All requests, including those that do not fall under the criteria above, will be considered on a case by case basis. Requests should be made by emailing jess@britishdodgeball.com.
- 2.7** All British Dodgeball university events are 'non-ranking' events, with the exception of the University Championships. For eligibility requirements for BUCS league competitions, please refer to the BUCS regulations.

- 2.8** To be eligible to compete in British Dodgeball University non-ranking events (such as university opens) for an institution, we align to the BUCS eligibility regulations with the following exceptions:
- 2.8.1** Players that identify as female may play in both the women's and men's categories of the same event.
 - 2.8.2** Players must hold British Dodgeball membership to compete in British Dodgeball University non-ranking events.
 - 2.8.3** Any appeals should be directed to jess@britishdodgeball.com as these events are fully managed and coordinated by British Dodgeball.
- 2.9** Transfer requests to change a player's primary club or add a secondary club will be considered on a case by case basis and should be sent in writing to the British Dodgeball Head of Rules and Disciplinary, to be reviewed by the British Dodgeball Rules Committee. Email jess@britishdodgeball.com.
- 2.9.1** Transfer requests between clubs will not be approved where there is evidence that a player owes money to the club that they are looking to leave. A player will not be permitted to compete in further British Dodgeball events until any outstanding debt has been settled.
 - 2.9.2** Transfer requests will need to be approved by three sources before they can officially be confirmed: a representative from the club the player intends to transfer from, a representative from the club they intend to transfer to and the British Dodgeball Rules Committee.
- 2.10** Participating in national league or ranking events for clubs other than their primary club, approved secondary club or university club during 2021/22 (15th September 2021 until end June 2022) without having had a transfer request approved by British Dodgeball will result in disciplinary action for the player and clubs involved as decided by the British Dodgeball Rules Committee.
- 2.11** For teams competing in any British Dodgeball league during 2021/22, clubs will be required to submit a roster of all players selected to play in each team one week in advance of the first league meet. Each team must have a minimum of 6 players listed at any one time. The list of players registered to each team is the club's 'squad list' and may be added to and amended through the season in line with the regulations

- 2.12** The completion of a team sheet is required for each participating team at British Dodgeball events. Team sheets for adult events should be sent to membership@britishdodgeball.com at least 48 hours in advance of the event. Club captains will be able to make adjustments to their teamsheets at the beginning of every British Dodgeball event, prior to their first scheduled match. If a team has not submitted their team sheet in advance of their first scheduled match they may not be allowed to participate in that match, or any subsequent matches until a team sheet is completed.
- 2.13** Teams may register a maximum of 10 players at any one event. For leagues comprising a number of different events, there is no limit to the total number of players who may be registered to that team across the 2021/22 league season, but any awards, medals or prizes will be limited to 10 per team.
- 2.14** Matches at British Dodgeball events will be 6 a side. A team requires a minimum of 4 registered players present in order to be permitted to play. If a team is unable to field 4 players, the match will be forfeited. Note that where a team is only able to field 4 players, they are still required to provide 5 assistant officials.
- 2.15** Adult events are for ages 16+. Players under 16 are permitted to compete in adult events as part of a team featuring players aged 16+, but parental consent must be provided. Please see our junior age restrictions [policy](#) for more details.
- 2.16** At community Championship events, such as the British Championships, players must play for their primary club (the club with whom they qualified for the Championships). Players with a secondary club may only represent their secondary club at Championship events where their primary club is not participating.
- 2.17** A player will not be permitted to compete in further British Dodgeball events until any outstanding debt regarding national teams, including trial fees, has been settled..

3. GENDER

- 3.1 Adult British Dodgeball events are designated as “men’s”, “women’s”, or “mixed”.
- 3.2 Where an event is “women’s”, teams must consist only of female players.
- 3.3 Where an event is “men’s”, female players are permitted to compete. However, they may only have one primary community club, one secondary community club (and one main university club where applicable) across all competitions – therefore their main community club for men’s events must be the same as their main community club for women’s events unless permission has otherwise been granted by the British Dodgeball Rules Committee.
- 3.4 Where an event is “mixed”, both male and female players are permitted to compete. Of the six players on court at the start of a set (including any players in the penalty box), at most three can be female and at most three can be male. Squads containing more than 6 players can have an unequal mix of genders.
- 3.5 Players may compete in accordance with their gender identity. Where this is different from a player’s sex, the player must have lived as their affirmed gender for a minimum of one year before confirming this as their gender to British Dodgeball. They can then begin to participate in a British Dodgeball event as their affirmed gender. For more details, please refer to our Transgender Policy.
 - 3.5.1 Players may not change their gender, for sporting purposes, for at least one year once it has been confirmed.
 - 3.5.2 If players, coaches or event coordinators have genuine concerns regarding player safety when trans players are competing, they are encouraged to contact the Head of Rules, jess@britishdodgeball.com, in order to discuss this. For more information, please refer to our Transgender Policy.

4. BRITISH DODGEBALL LEAGUES & RANKING EVENTS

- 4.1 British Dodgeball Leagues and ranking events will run from September 2021 to the end of June 2022.
- 4.2 British Dodgeball community cloth national leagues will only be open to community teams and university leagues will only be open to university teams. Regional, mixed, Northern Irish, Scottish and foam leagues will be open to both community and university teams. Other ranking events will clearly specify on the event entry page whether they may be entered by community teams, university teams, or both.
- 4.3 At the end of the league season a final ranking of teams will be available from league positions, and this will determine the basis by which leagues will be structured for the following season. This ranking will use the following criteria:
 - 4.3.1 Where leagues are not split into regions, the bottom two finishers in one league will be ranked lower than the top two teams in the next league down.
 - 4.3.2 Where leagues are not split into regions, the bottom two finishers in one league will be ranked higher than the third placed team in the next league down.
 - 4.3.3 Where leagues are split into regions, a team in one region will be grouped with the teams finishing in the equivalent positions in the other regional league. Of these teams, the team with the greatest number of points per match during the league season will be ranked higher. This ranking will be superseded by results at any finals days where these exist.
- 4.4 Multiple teams from the same club are permitted to participate in any British Dodgeball league – including second teams taking up spots alongside their first teams in Super Leagues. Where multiple teams are in the same league, within-club transfers across the season will be monitored closely.

5. BRITISH DODGEBALL NON-RANKING EVENTS

- 5.1 Non-ranking or “open” events are any competitions where there are no eligibility requirements. British Dodgeball adult membership is still required, but players do not have to play for their primary, secondary or university club.
- 5.2 The majority of non-ranking British Dodgeball adult events will be played to British Dodgeball Cloth Five Ball Rules. Where an event instead is played to a different ruleset this will be clearly specified on the event entry page on the British Dodgeball website.
- 5.3 Non-ranking events will typically follow a standard structure, beginning with pre-announced, unseeded groups. When group play has finished, the teams finishing at the top of these groups will progress to the knockout stages. Where entry numbers or other logistics require this, a round robin or alternative format may be used.
- 5.4 All non-ranking events will aim to feature both Men’s and Women’s competitions. These competitions will usually take place on the same day.
- 5.5 The British Dodgeball 2021/22 foam open series competitions will each be comprised of three events.
 - 5.5.1 Players are not required to play for their primary, secondary or university club, but can only represent one club in each series.
 - 5.5.2 Foam open series events will only feature one category, with all teams required to start each set with at least 2 male players or 2 female players on court.
 - 5.5.3 Teams are not required to enter all events in the series in order to compete, but a final ranking table will be based on cumulative points achieved by a team across all of the events they enter in a series. Points will be awarded as follows:
 - 5.5.3.1 1st = 15pts, 2nd = 12pts, 3rd = 10pts, 4th = 9pts, 5th = 8pts, 6th = 7pts, 7th = 6pts, 8th = 5pts, 9th = 4pts, 10th = 3pts, 11th = 2pts, 12th = 1pt

6. BRITISH & UNIVERSITY CHAMPIONSHIPS 2022

- 6.1 The British Championships tournaments and University Championships tournaments will be ranking events and will take place following the conclusion of the league season.
- 6.2 The British Championships will be a 15-minute half match format event, with qualification solely via the British Dodgeball national community men's and women's leagues. Players may play for their national league community club only.
- 6.3 Qualifying spots at the Men's British Championships 2022 will be available for:
- The Men's British Champions 2019
 - The five highest-placed finishers in the Men's English Superleague 2021/22
 - The two highest-placed finishers in the Men's Northern Irish Superleague 2021/22.
 - The two highest-placed finishing men's teams in the Scottish Superleague 2021/22.
 - The two highest-placed finishing Welsh men's teams in the men's community English and Welsh leagues 2021/22.
- 6.4 Qualifying spots at the Women's British Championships 2022 will be available for:
- The Women's British Champions 2019
 - The seven highest-placed finishers in the Women's English Superleague 2021/22.
 - The two highest-placed finishers in the Women's Northern Irish Superleague 2021/22.
 - The two highest finishing women's teams in the Scottish leagues 2021/22.

- 6.5 Qualification spots from league finishes are in addition to the spot taken by the defending champions. Therefore if the men's defending champion finishes in the top 5 in the Men's English Superleague, the sixth placed team will also qualify for British Championships. If the women's defending champions finish in the top 7 in the Women's English Superleague, the eighth placed team will also qualify.
- 6.6 Players can only represent their primary club at community championship events. Those with a registered secondary club may only represent their secondary club at championship events where their primary club is not present.
- 6.7 The University Championships 2022 will be a 8-minute half match format event, enterable by any university team. Entry is first-come-first-served. Eligibility regulations align to BUCS eligibility regulations with the exceptions of players requiring British Dodgeball membership to play and contacting jess@britishdodgeball.com for appeals.

7. EQUIPMENT, CLOTHING & FIRST AID

- 7.1 Only British Dodgeball approved size 3 cloth dodgeballs or Adult Foam Dodgeballs will be used at British Dodgeball adult events.
- 7.2 For clothing guidance please see our "[kit guidance](#)" document.
- 7.3 All players compete in British Dodgeball events at their own risk, and first aid provisions are the responsibility of the club and player. Where possible British Dodgeball will also have a first aider on site.
- 7.4 British Dodgeball officials, including coordinators and tutors have the right to refuse any participants access to play based on medical reasons.
- 7.5 All players, coaches and team/club administrators are advised to follow our [concussion guidelines](#).

8. CLUB REGISTRATION & TRANSFERS

- 8.1 At the beginning of every league event, the completion of a team sheet will be required by each team in either paper or electronic form. All players from a club who are fielded by or substitutes for that team on that day must be listed on the team sheet. In league events players may only play for one of their primary or secondary clubs (whichever of these they are registered to for that type of event – for instance, registered to their primary club for national men’s community league). If they wish to change teams between their primary and secondary clubs in the event that both are entered into the same league, they must complete a transfer request by emailing jess@britishdodgeball.com.
- 8.2 If a team has not completed their team sheet prior to their first scheduled match, they may not be allowed to participate and that match may be forfeited, alongside any subsequent matches until a team sheet is completed.
- 8.3 By entering British Dodgeball events, teams are adhering to the British Dodgeball [refund policy](#). If a team competing in the British Dodgeball leagues fails to submit payment by the relevant deadlines, they may be docked one point for every 24 hour period until payment has been received. A delay of more than seven working days may result in the team or teams being removed from the league.
- 8.4 A player’s registered club for a particular type of league (for instance, for the English National Community Leagues – men’s/ women’s) will remain their registered club (and the only club they can play for in that league type and its associated ranking events) until end of June 2022. This must be either their primary or secondary club. Transfer requests to change the club a player is registered to for a particular competition will be considered on a case by case basis and should be sent in writing to the British Dodgeball Head of Rules and Disciplinary, jess@britishdodgeball.com.

- 8.5** British Dodgeball will hold a list of all players registered to play for a club in a particular type of league (the club's 'squad list'). Eligible players may be added throughout the season. Where clarification of eligibility is sought, this should be sent to the British Dodgeball Head of Rules and Disciplinary via email no later than 48 hours before the first competition that the added player will participate in.
- 8.6** Transferring between teams at the same club is permitted during the course of a league or ranking competition.
- 8.6.1** For all national leagues, players on a club's squad list for that league system may transfer between teams at the same club without requiring permission from British Dodgeball where they are transferring to a higher team. In this case a team's team sheet at the start of each ranking competition or league fixture will be considered notification of any within-club transfers.
- 8.6.1.1** A player may only play for one team in a single round of fixtures.
- 8.6.1.2** At any one time, there must be a minimum of 6 players listed on the squad list of each of a club's teams.
- 8.6.1.3** Where a player is transferring to a lower-ranked team, an email must be sent to the British Dodgeball Head of Rules and Disciplinary requesting approval for the proposed transfers, no later than 48 hours before the start time of the event they wish these transfers to be in place from. Players and clubs should be aware that there is no guarantee that a transfer will be approved, and a transfer has not been confirmed until written confirmation from the British Dodgeball Head of Rules and Disciplinary/ British Dodgeball Rules Committee has been received.

- 8.6.1.4** Clubs with teams in the same league are considered equally ranked, and so an email must be sent to the British Dodgeball Head of Rules and Disciplinary requesting approval for the proposed transfers, no later than 48 hours before the start time of the event they wish these transfers to be in place from. Players and clubs should be aware that there is no guarantee that a transfer will be approved, and a transfer has not been confirmed until written confirmation from the British Dodgeball Head of Rules and Disciplinary/ British Dodgeball Rules Committee has been received.
- 8.6.2** For regional leagues, players on a club's squad list for that league system may transfer between teams at the same club without requiring permission from British Dodgeball, to either higher or lower ranked teams.
- 8.6.3** For university leagues, movement between teams is unrestricted until a player has played for a team for 50% of fixtures. Following this point, a player may only move to a higher ranked team. For further details please visit the [BUCS rules and regulations page](#).
- 8.7** Teams cannot name 'guest players' from other clubs as members of their team at a league event or other ranking event. Only players who are listed on the team's team sheet at the beginning of the event will be able to participate. Players may only be on the team sheet for one team at any one event.
- 8.8** Teams must compete with 4 or 5 registered players from their own club if they have less than a full team present at an event.
- 8.9** If a player is a registered player with a league team in another home nation, they are not eligible to play for a team in the official national leagues of another recognised British Dodgeball country without explicit permission from the British Dodgeball Rules Committee.
- 8.10** Where a player plays or is a named substitute for a team that they are not eligible to play for at an event, the British Dodgeball Rules Committee will review applicable sanctions, likely to include the team forfeiting all matches at that event.

9. COMPETITION FORMATS & ENTRY

- 9.1 Where possible the schedule for events will be available via the British Dodgeball website prior to the event. This will include match timings and line refereeing duties, though will be limited to group stages only where relevant.
- 9.2 Where an event has group stages, groups will be drawn by British Dodgeball prior to the event. For non-ranking events no seeding will be used. For ranking events, seeding will be based on league ranking at the date of the draw.
- 9.3 Where a match is British Dodgeball Five Ball Cloth rules and comprised of two fifteen minute halves, 45 minutes will be allowed per match. This includes a 5 minute warm-up period that will be timed by the referee. At events with two fifteen minute halves, participating teams will be guaranteed a minimum of 2 scheduled matches.
- 9.4 Where a match is British Dodgeball Five Ball Cloth rules and comprised of two eight minute halves, 25 minutes will be allowed per match. This includes a 5 minute warm-up period that will be timed by the referee. At events with two eight minute halves, participating teams will be guaranteed a minimum of 4 scheduled matches.
- 9.5 Event entry is available through the British Dodgeball website only unless otherwise specified, and payment must be made in order to confirm entry. Event entry will close at the event entry deadline, or when all competition spaces are filled, whichever is sooner.
- 9.6 Please refer to the British Dodgeball refund and cancellation policy with regards to withdrawals from events or leagues. Sanctions may apply to teams consistently withdrawing from leagues or events.
- 9.7 Any overseas teams looking to enter British Dodgeball events will be required to pay an additional charge of 5% of the entry fee to cover international transaction fees.

- 9.8 Clubs will only be permitted to enter or compete in British Dodgeball events where they have no outstanding debt to British Dodgeball.

10. ASSISTANT OFFICIALS

- 10.1 It is a requirement for all teams competing in British Dodgeball events to be able to provide a minimum of 5 assistant officials during any match in which they are not playing. Any instances of teams failing to do so will be reviewed by the British Dodgeball rules and disciplinary committee and may result in points deductions or other sanctions.
- 10.1.1 British Dodgeball referees or other officials may be asked to rate the performance of a team's assistant officials following each match. Where this rating is not satisfactory, the British Dodgeball rules and disciplinary committee may decide that sanctions apply.
- 10.2 Where 5 assistant officials are required, this will usually involve:
- 1 x assistant centre referee
 - They will support the head referee and take up position on the opposite side of the court to the head referee. Teams should put forward their most experienced players/ referees as assistant centre referees, though referees qualifications are not required. Assistant centre referees are in charge of the side of the court to their left and will call "play ball" and lead on calling "hits", "catches", and other "outs" for this side of the court. They are able to make calls directly, not just through the head referee.
 - 2 x ball return line officials

- Assistant officials acting as "ball return line officials" should be positioned on the left side of each team's half of the court, next to the ball return line. Their main role is to check for ball return line faults - for instance, false start offences (a false start only becomes a false start offence if the individual moves in any way/ enters court before the whistle AND advances past the ball return line), and balls not being made live when returning to court via a retriever or spectator/ following the opening rush (in these cases the ball must be received by a player with both feet in contact with the ground and fully behind the ball return line). They should make the head referee aware of any dead balls that have been released, and where possible warn a team that a ball is not yet live. They may also call players "out" for hits, catches and other offences, and are able to make calls directly, not just through the head referee.
- 2 x back line officials
- Assistant officials acting as "back line officials" should be positioned on the right side of each team's half of the court, by the back line. Their main role is to check for back line faults - a player is "out" if they touch on or over the back line with any part of their body or clothing. They should call players "out" for any such offences, and may also call players "out" for hits, catches, and other offences. They are able to make calls directly, not just through the head referee. They are also looking for "false starts" - so where a player moves in any way or direction following the call to be "ready" but before the whistle, or where a player is positioned over the back line following the call to be "ready" but before the whistle. They should flag this to the ball return line official who will confirm whether the ball return line was crossed.

10.3

Please note that where the playing teams require the assistant officials to act as "basic retrievers", the "ball return line officials" will be used for this purpose.

11. FORFEITS

- 11.1 Where a player or team wishes to forfeit a set they should leave the court with one hand in the air and ask the referee to “re-set”. There is no limit to how early or late in a set a set may be forfeited. Forfeiting will result in a score of 0 players on court for the team forfeiting.
- 11.2 An official registration time will be set for all British Dodgeball events. All participating players are expected to be at the venue by this time. Teams must not enter the sports hall more than 30 minutes in advance of the official registration time. Contraventions to these rules may result in sanctions for the offending teams.
- 11.3 If a team fails to attend an event they were scheduled to compete in, they will forfeit the match(es) that they were scheduled to play. For fifteen minute half formats, the score will be a 30-0 win to the opposing team*. For eight minute half formats, the score will be a 16-0 win to the opposing team.
 - 11.3.1 Where a team forfeits a match in a league fixture, they will receive a points deduction of 1 point from the league table.
 - 11.3.2 Where a team fails to attend two or more rounds of league fixtures, the British Dodgeball Rules and Disciplinary Committee reserves the right to discount any scores against the forfeiting team from the league table and to void any of the forfeiting team’s own points.
 - 11.3.3 *30-0 score may be reviewed dependent on context and size of league.
- 11.4 The first three minute period of the match will begin at the end of the 5-minute warm-up time following the match start time. Any team that is not present by this time (or present with insufficient players to compete) will forfeit that period, and any following three minute period that they are not lined up on court at the beginning of. After three consecutive forfeited sets by the same team in any match, that team will forfeit the match.

11.5 For any match in which a team has fielded any number of ineligible players, this will be seen as the offending team forfeiting this match.

11.6 In the instance that both teams in a match are not in attendance or both have fielded ineligible players, the match will be declared as a non-result draw, i.e. both teams will finish the match with nil points from games, and nil league points for the match.

12. SANCTIONS

12.1 The [British Dodgeball Sanctions Guidance](#) provides an overview of the disciplinary guidance and procedures applicable to all those involved in British Dodgeball competitions, clubs, and activities. This includes details on penalty sets, yellow cards, red cards, and other sanctions.

13.1 CONTACT US

13.1 Should you have any questions about the 2021/22 British Dodgeball Community and University Adult Regulations, please contact us at: jess@britishdodgeball.com (Jess Goshawk-Dumbrell, Director of Rules and Disciplinary & Head of the Rules & Disciplinary Committee) hello@britishdodgeball.com (General enquiries)
